Marin City Fatherhood Council

“Celebrating Our Fathers—No Father Left Behind”

IDENTITY

The Fatherhood Council is a voluntary association of men who are motivated by their deep concern and regard for the well-being of our youth. We believe fathers and father figures are the strength of the community, both at home and at large. They shape the very foundation on which we build our morals, character, strength, values; and how we show our love and devotion.

PURPOSE

Statement of Purpose

The Fatherhood Council promotes responsible fatherhood and strong communities. It supports a measurable increase in fathers' involvement with their children and family activities. "We want to see our youth develop healthy self-images and excel academically at every level".

Council Impact

- To assist boys and young men to create and build a more positive peer culture
- To assist fathers to establish long-term and ongoing healthy parenting skills
- To help build a bridge between Marin City residents and law enforcement officers
- To encourage our young people to take advantage of community resources

Anticipated Outcomes

- Decreased incidents of violence in the home
- Increased father presence at school activities, sports events and family functions
- Fathers' willingness and involvement in discussions concerning their child's future.
- Establishment of positive role models
